WEDNESDAY, DECEMBER 7, 2011

Industry Awards Banquet

The Industry Awards Banquet is the social highlight of the Canadian Pool & Spa Conference & Expo. This special evening will kick off with a reception just steps away from the exhibition hall. Our attendees and guests will then indulge in a delectable dinner. Keeping things light and informal, the audience will also enjoy vastly entertaining The Caverners. The culmination of the evening will be the presentation of the Council's National Awards, recognizing the outstanding accomplishments of our industry's leading companies. Plaques will be presented to the winners of the 2011 Design and Construction Awards Competition. We will also honour the companies judged as Dealer of the Year and Supplier of the Year. In addition, we will recognize an individual who has qualified to receive the prestigious Industry Achievement Award.

Festivities will conclude by 21:00.

The event has been extremely popular in recent years, so we strongly encourage the purchase of your tickets well in advance.

Recommended attire: Business Casual

Award Banquet Entertainment

The Caverners Beatles Tribute

The Caverners debuted in 1994 and ever since have been exciting audiences with their note-for-note perfect portrayal of The Beatles in concert. With authentic instruments, costumes and stellar vocals, this all Canadian cast recreates an incredible performance night after night leaving audiences screaming, stamping their feet and shouting for more.

All the great songs are performed including She Loves You, Day Tripper, Yesterday, Help, A Hard Days Night, Get Back, Hey Jude, and more.

Design & Construction Awards Presentations

Some of the 2010 Design
& Construction Awards
recipients

Each year, the Pool & Hot Tub Council of Canada invites its members to enter photographs and descriptions of their most beautiful swimming pool and spa/hot tub installations in its annual Design & Construction Awards competition. For this competition the Council receives over 200 entries from across Canada in approximately 40 different categories with judges of their peers selecting the winners. As is the tradition, this is the evening when the industry recognizes some of Canada's best builders and installers.

Other Industry Awards

During this great event, the industry will also recognize companies and individuals who have contributed to the industry in dedication, service or through being an example of what this industry represents in the way of outstanding service in dealing with the consumer. Awards are available for "Supplier of the Year", "Dealer of the Year" and "Industry Achievement". Nominations are received from the industry and judged on merit
